	d day-storage. Torpedoes were taken from the AUW
complex and placed in this facility if they were going	ng to be overhauled or used on a training flight. This
building was directly associated with the Cold war	P-3 Orion anti-submarine warfare patrol mission at Moffett
Field dating from 1963 to 1994. Although this mis	ssion is considered of exceptional national significance
within the Cold War context, this building is of sta	ndard construction and does not exhibit unique architectural
	It is therefore not considered of exceptional importance
under criterion G.
